

Planned Giving Legacy Fund

To move forward, we need to give back

Universal Outreach's Planned Giving Legacy Fund

Over the past 20 years, the Universal Outreach community has collectively made significant positive changes in this world. We are creating this legacy fund to ensure these changes continue in the years and generations to come.

UOF has always strived to make every dollar count and the development of the Legacy Fund will go a long way in maintaining the high standard of accountability, transparency and effectiveness that UOF has become known for.

HOW PLANNED GIVING WORKS

Caring donors donate to the UOF Legacy Fund and a tax receipt is issued. The funds are invested by a professional financial manager under the scrutiny of the 'UOF Investment Policy' supported by a UOF Donor Investment Committee.

The principal raised will remain in the fund and all or a portion of the interest income will be directed to UOF projects. UOF will utilize the fund income based on a set budget for that year and any excess interest will be reinvested back into the fund.

The UOF Planned Giving Legacy Fund will focus on a sustainable rate of return while also being aware of the importance of environmental, social and the governance structures of the investments being made, creating a balanced investment fund that promotes a better world for all.

OPTIONS:

In addition to a lump sum donation we would like to provide our donors with options that suite their needs.

- A pledge to donate a lump sum each year
- Add a codicil to your will to ensure you will always be there for the needs of the people you have been helping through UOF over the years
- A donation of stocks, bonds, real estate, insurance policy, annuity or any other assets of value

The Bubbs family, our board and staff are fully committed in every way to the future of our collective effort and meaningful work. Now more than ever we need to come together as a cohesive group and continue to make the positive changes we want to see in this world. Please join us in this effort—the time and the opportunity for us is now.

20 Years of Achievements

- 21,900 People have access to clean water from UOF'S well restoration program
- 560 Well technicians trained
- 1005 Scholarships awarded
- \$253,425 Earned by rural farmers through the sale of their honey
- 5000+ Newly created jobs from our economic initiatives in honey and coconut oil production
- 50,000+ Square feet of academic and skills training facilities built in Honduras, Liberia and Burundi
- 7,500 Students attend programs at STRIVE, UOF's after school learning centre
- 34,500 People reached through UOF's Stop Ebola now program
- 100,000+ Fish harvested during 15 years of sustainable fish farming to help operate El Hogar School

What our community is saying about us

“We are investing in the UOF projects because they are self-sustaining and affect not only the people directly involved, but every member of the family and the entire community”
- Ed Unger

You do such an amazing job of making the world a better place for us all!

- Douglas Reith

There are many organizations around the globe doing good work, but Universal Outreach stands apart because they are willing to live in community with the people they are providing help to and they cover 100% of the administration fees associated with running the organization
- Christian Rawles

What you are doing is a model of how we can help developing countries by building capacity, versus giving aid.
- Ron Smith

We continue to appreciate the bottoms up approach that gives opportunity to those that are far less fortunate than others. Watching the programs and interactive community events that Kent and Landis have fostered in Liberia is exactly the charitable commitment Karen and I will continue to support.
- Graham Harris
